

# SHARAD KAMBLE

Software Developer | [sharadkamble131@gmail.com](mailto:sharadkamble131@gmail.com) | +91-7030327453 | [LinkedIn](#) | [Github](#)

Java Developer with 2+ years of experience in building backend systems using Java 8, Spring Boot, and PostgreSQL. Proficient in RESTful APIs, clean architecture, unit testing (JUnit), and design patterns. Passionate about writing maintainable code and delivering scalable software.

## Experience

### Radiant IT Services | Java Developer | March 2023 - Present

- 2+ years of experience in development of software applications using **Java/JEE**.
- Knowledge and experience of **Oop's, Collections Framework, Exception Handling, Multithreading, Hibernate, Java 8, J2SE, J2EE, and Concurrent collections**.
- Experienced in **Microservices architecture** and developing **RESTful Web Services** using Spring Boot.
- Skilled in **Spring Core, Spring MVC, Spring Boot, Spring Data JPA, and Spring REST** for enterprise application development.
- Expertise in design patterns like **Singleton, Factory, SOLID Principles, Template design pattern**,
- Knowledge and experience in **Transactions and Aspect-Oriented Programming (AOP)**.
- Good experience on test-driven development using unit testing frameworks like Junit
- Used Maven as the build tool and **Git, GitHub, Bitbucket** for version control.

## Projects

### Jobsinsight Application Portal | Java 8, Spring Boot, Spring Data JPA, PostgreSQL

Responsibility -

- Created backend APIs to handle job postings, candidate applications.
- Use PostgreSQL to store and manage data like user info, job details, resumes, etc.
- Fix bugs and handle errors in the system to make sure everything runs properly
- Test the backend using tools like Postman to make sure APIs work correctly.

### Radiant IT Services | Java 8, Spring Boot, Spring Data JPA, PostgreSQL, Spring Security

Responsibility -

- Designing and developing RESTful APIs using Spring Boot and Spring MVC
- Integrating backend logic with relational databases like PostgreSQL using Spring Data JPA
- Participated in team discussions, planning, and deployment of the project
- Participated in code reviews and fixed issues to maintain clean and stable code.

## Technical Skills

- **Languages & Core:** Java 8, OOPs, Collections, Exception Handling, Multithreading
- **Frameworks:** Spring Boot, Spring MVC, Spring Security, Hibernate, AOP
- **Frontend & Web:** HTML5, CSS3, Bootstrap, React.js

## Academic

- Bachelor of Engineering in Computer Science. 2020 - 2023  
Shree Ramchandra College Of Engineering, Pune **CGPA 7.80 / 10**
